OBJECTIVE

B.E. student with a strong interest in software development and web technologies. Skilled in Python, HTML, CSS, and Flask with hands-on experience developing web applications and Python-based projects. Looking for opportunities to apply technical and problem-solving skills while gaining practical industry experience.

PROJECTS

Flask Web Application

Python, Flask, HTML, CSS

- Developed a web application using **Python Flask** for backend development.
- Designed the frontend using **HTML and CSS** with a simple and user-friendly interface.
- Implemented Flask routes, form handling, and backend logic to connect the frontend with the application.
- Organized the application into separate frontend and backend components for better maintainability.

AI Chatbot

Python, AI, Flask

- Developed a basic **AI chatbot using Python** for text-based user interaction.
- Implemented user input processing and response generation using Python.
- Created a simple web interface using **HTML and CSS**.
- Used Flask to connect the chatbot interface with the Python backend.

EDUCATION

Bachelor of Engineering (B.E.)

SGB Amravati University

Amravati, Maharashtra

- Relevant Coursework: Data Structures, Object-Oriented Programming, Database Management Systems, Computer Networks

TECHNICAL SKILLS

Programming Languages: Python, Java

Web Technologies: HTML, CSS, Flask

Database: MySQL, MongoDB

Tools: Git, GitHub, VS Code

SOFT SKILLS

Communication, Leadership, Teamwork, Problem Solving, Time Management, Quick Learning

ACTIVITIES

Actively learning Python, Web Development, and Software Development.

Participated in technical projects and collaborative team activities.

Interested in Artificial Intelligence, Web Applications, and Programming.
